- October 2005: Fort Wayne, Indiana 46825, Monday, October 31, 2005 –

The sales office has been actively pursuing more contacts in the Biomedical Industry. SWS-Trimac, Inc. has completed many turn-key jobs and wishes to continue to offer this service to its customer base.

There have been many opportunities for various type of work in the Fort Wayne, and Columbia City areas. The presents of the Sales and Engineering Office has proven to be a great benefit to the company.

SWS-Trimac, Inc. is looking to build a Prototyping facility in the Fort Wayne, Columbia City region. This facility would be approximately 6,000 sq. ft. with the possibility to expand to 20,000+ sq. ft. It is hoped that land would be purchased in the beginning of 2006.

- November 2005: Saginaw, Michigan 48604, Wednesday November 30, 2005 – SWS-Trimac, Inc. Production Facility Adds New Okuma Turning Center

Production machining work continues to grow in the Saginaw Production Facility. In order to accommodate this increase a new lathe was purchased.

SWS-Trimac, Inc. Building Plans for the R&D Facility in Fort Wayne, Indiana have been finalized.

- December 2005: Saginaw, Michigan 48604, Friday, December 30, 2005 – Year End Sales Growth Numbers Show Promise for Good Year in 2006.

SWS-Trimac, Inc. reports 15% growth in 2005. Based on the number of start up jobs, 2006 promises to be another year for growth.
